FROM: W. Marvin Dulaney, President

RE: Face-to-Face Meetings for ASALH Branches

Colleagues:

At our last planning meeting there was an issue that I forgot to include for discussion. Several branches of ASALH have inquired about resuming face-to-face/in person meetings. In light of the apparent decline of covid cases throughout the country I have been asked to have the Executive Council to consider allowing branches to resume in person meetings starting this summer.

Branch presidents Jerome Harris and David Wilkins have also provided some protocols that the branches can follow if the Executive Council approves face-to-face/in person meetings. Please see the attached suggested protocols proposed by Jerome Harris and David Wilkins.

As usual, we have a full agenda for our Executive Council meeting this evening. So, I will hold the consideration of this proposal until the latter part of the meeting. If the meeting runs late, I will move it to our meeting on June 23, 2022.

Thank you for your consideration of this proposal.
