## **National Membership Report: February 2022**

The membership year started on January 1, 2022. This report includes: Annual/Activity and Financial report data effective February 14, 2022 and Old business/necrology

### **A: Annual/Activity and Financial report data effective February 14, 2022**

Annual/Activity and Financial reports due by February 4, 2022. After a bumpy start to the annual reporting year – within 3 weeks the forms were made available and the submission dates adjusted to accommodate the glitches – to date there are 4 categories of completion [see legend]. The recommendation that all delinquent branches be given an additional **grace period of one month March 17, 2022** to complete the required reports. Rationale there continue to be technical difficulties accessing the form as well as newly elected officers learning to access and report information; the bumpy start in January with confusing/delayed communications augmented the frustration felt in the branches as well in my new office when fielding emails and attempting to widely share accurate information and troubleshoot technical difficulties. To expedite the completion of the reports – regional coordinators and I will schedule individual appointments to complete the necessary information.

# ASALH Audit and Finance Committee

February 17, 2022

Committee Members:

Gladys Mack, Chair

Jeff Banks

Marvin Dulaney

Aaisha Haykal

Valerie Holt

Sylvia Cyrus

The Audit and Finance Committee met on Friday, January 28, 2022 and will meet the last Friday of each month from 12:00 – 1:30 p.m.

The following information was reported by Michelle Pourceau, the Project Manager for the Howard/Mellon Grant.

- **Positive Feedback from Howard** - Howard University, Director of Research Development, reported this week “We are in the process of finalizing the year 2 subawards and the updated agreement will be forwarded as soon as it is ready for review.”
- **No new expenses/limited activity** - Work is proceeding on finalizing the January funded items only, which include a second “Reading Room” which is tentatively scheduled for March and work on the webpage. Miscellaneous assistance is ongoing.
- **New 2022 subgrant work pending** - Upon notification from Howard via email of the subaward documents, we will proceed with funding tasks associated completing year 2 of the grant. No work is being done for the ASALH conference opening session.
- **Reassess proceeding at the next A&F Committee meeting** – If documentation is not received by Howard prior to the next meeting ASALH should assess the need to reinstate activities to ensure 2022 goals will be achieved.

## **Action Item:**

The Audit and Finance Committee recommended the following changes based on the recommendation from the accountant, Tina McIntyre. The link with the full memo from the accountant follows. [AFC-Memo.pdf \(asalh.org\)](#)

The Audit and Finance Committee moves that the Executive Council adopt three policy changes.

1. **Proposed Change: ASALH checks (of any amount) require only one signature from an authorized check signer (President, Treasurer, or Executive Director).**
2. **Proposed Change: All invoices under \$5,000 will be approved electronically (via e-mail) by the Executive Director. All invoices over \$5,000 unrelated to a pre-approved contract or agreement will be sent to the Treasurer for approval electronically (via e-mail).**

- 3. Proposed Change: Any checks payable to an authorized check signer shall require a signature by someone other than the payee unless it is for \$500 or less (e.g., expense reimbursements supported by receipts) or if the expense has been authorized by the Executive Council.**
- 

Below is the detail for the proposed changes.

**Proposed Policy Change:**

ASALH's primary bank (Wells Fargo) does not require dual signatures for any checks presented (regardless of amount). Currently, ASALH mails all checks over \$5,000 to the Treasurer for signature (unless the payment was covered by a long-term agreement as outlined in the Procurement Policy). The Treasurer signs the check and accompanying Check Authorization Form (evidencing approval of payment).

I, Tina McIntyre, ASALH Accountant recommend the following changes to the current process to allow ASALH to operate more efficiently in processing invoices:

- 1. Current Policy:** All checks or orders of withdrawal over \$5,000 require two signatures, one of which is an officer. Recurring payments over \$5,000 covered by a long-term agreement (i.e., an agreement greater than six months) AND has been approved by the Audit and Finance Committee do not require a double signature for each monthly payment.

**Proposed Change: ASALH checks (of any amount) require only one signature from an authorized check signer (President, Treasurer, or Executive Director).**

- 2. Current Policy:** A Check Request Form (Hard Copy) must accompany every invoice and requires a signature by an authorized check signer. The Treasurer must sign all Check Request Forms for invoices over \$5,000.

**Proposed Change: All invoices under \$5,000 will be approved electronically (via e-mail) by the Executive Director. All invoices over \$5,000 unrelated to a pre-approved contract or agreement will be sent to the Treasurer for approval electronically (via e-mail).**

- 3. Current Policy:** Any checks payable to an authorized check signer require a signature from a different check signer.

**Proposed Change: Any checks payable to an authorized check signer shall require a signature by someone other than the payee unless it is for \$500 or less (e.g., expense reimbursements supported by receipts) or if the expense has been authorized by the Executive Council.**

# MEMORANDUM

**TO:** Association for the Study of African American Life & History AFC Committee / Executive Council  
**FROM:** Tina O. McIntyre, CPA  
**SUBJECT:** Proposed Financial Procedural Change – Effective January 1, 2022  
**DATE:** January 10, 2022

The Association for the Study of African American Life & History's (ASALH) Financial Policies and Procedures clarifies essential financial management roles, authority, and responsibilities. Last revised in June 2015, the current policy does not accurately reflect the most efficient manner to process payments with a leaner staff and a quasi-virtual environment.

## Current Policies:

### Authority to Sign

The President, Treasurer, and Executive Director are authorized to sign checks or orders of withdrawal. Checks or orders of withdrawal up to **\$5,000** require one signature. All checks or orders of withdrawal over **\$5,000** require two signatures, one of which is an officer. All signatures must be hand-written (i.e., no stamps or mechanical devices). Any checks payable to an authorized check signer require a different signer. An authorized check signer will make disbursements only upon review and approval of the transaction, including reviewing supporting documentation.

### Contractor Payments

ASALH will process all contractor payments based on the approved contractual terms. All contractors are required to submit an invoice to the Executive Director for review and approval before payment. The Executive Director (or designated staff) will send the approved invoice and support to the accountant to process the payments. Per ASALH's financial policy, the Executive Director can process invoices up to \$5,000. All expenses over **\$5,000** require two signatures<sup>1</sup> (i.e., the Executive Director plus another authorized signer).

## Proposed Policy Change:

ASALH's primary bank (Wells Fargo) does not require dual signatures for any checks presented (regardless of amount). Currently, ASALH mails all checks over **\$5,000** to the Treasurer for signature (unless the payment was covered by a long-term agreement as outlined in the Procurement Policy). The Treasurer signs the check and accompanying Check Authorization Form (evidencing approval of payment).

I recommend the following changes to the current process to allow ASALH to operate more efficiently in processing invoices:

1. **Current Policy:** All checks or orders of withdrawal over **\$5,000** require two signatures, one of which is an officer.

---

<sup>1</sup> *Recurring payments over \$5,000 covered by a long-term agreement (i.e., an agreement greater than six months) AND has been approved by the Audit and Finance Committee do not require a double signature for each monthly payment.*

**Proposed Change:** ASALH checks (of any amount) require only one signature from an authorized check signer (President, Treasurer, or Executive Director).

2. **Current Policy:** A Check Request Form (Hard Copy) must accompany every invoice and requires a signature by an authorized check signer. The Treasurer must sign all Check Request Forms for invoices over **\$5,000**.

**Proposed Change:** All invoices under **\$5,000** will be approved electronically (via e-mail) by the Executive Director. All invoices over **\$5,000** unrelated to a pre-approved contract or agreement will be sent to the Treasurer for approval electronically (via e-mail).

3. **Current Policy:** Any checks payable to an authorized check signer require a signature from a different check signer.

**Proposed Change:** Any checks payable to an authorized check signer shall require a signature by someone other than the payee unless it is for a nominal amount (e.g., expense reimbursements supported by receipts) or if the expense has been authorized by the Executive Council.
