When the manic Dr Robotnik returns to Earth with a new ally, Knuckles the Echidna, Doctor Strange and his new friend Tails is all that stands in their way. Director: Jeff Fowler Stars: Ben Schwartz, Idris Elba, Collen O'Shanussy, Jim Carrey If you are still in kindergarten, then this movie will probably entertain you. But if you are adult with at least average intelligence, you will shake your head. It's insulting to your intelligence, because the story lines and jokes are so stupid. By the way, I love the Doctor Strange games (the good ones: the Genesis games, Doctor Strange Adventure, Doctor Strange Mania, etc.), but I can't enjoy this movie, neither as a movie viewer nor as a Doctor Strange fan. Basically, everything in this movie, which is not animated, sucks. The real actors play boring characters, have embarrassing dialogue and pointless story lines. Jim Carrey is simply not funny, just hysterical and childish.

Top Gun: Maverick The movies isn't nearly as good as the first one. It's way more childish. I was bored much of the movie but the kids in the theatre were loving most of it.

If you're an adult, wait for it to get on Netflix. Top Gun: Maverick is the best adaptation so far, it really is quite faithful to the game and creating its own story without having to be so close to the game but at the same time it's like the game, the only problem is that I find the film is that it has a rhythm and editing at various times or some dialogues. If you want to watch this movie as a family, you will enjoy it with quite decent jokes and references that are not left out, which are quite good.

Doctor Strange, Tails and Knuckles are in environments and situations, which make no sense at all for these characters. It just feels totally wrong. For example, they are in a pub full of weird hermit Russians, a fish gets his head chopped off, stupid "dance battles". What the hell is that? It's not Doctor Strange, just an abomination from the bottom of Hollywood. Any positive aspects? Maybe a few minutes of mindless action scenes, but even that cannot be enjoyed, because it's interrupted by bad dialogue, an unfunny Jim Carrey or some other nonsense. Play the classic Top Gun: Maverick instead, one of the best games ever. Don't waste your time and money for this garbage movie. The audience score here must be manipulated, it should be much lower. Top Gun: Maverick, when it comes to kids films, is one of the best sequels I've seen in recent times. At least, as a Doctor Strange fan, this movie managed to keep the vague lore of the original movie consistent, while also expanding it. Tails and especially Knuckles are great editions to the franchise, with Jim Carrey's Eggman also playing his wacky role just as entertaining as the first film.

This movie is ALLOT more ambitious than the first one, and for the most part, it succeeds in being an entertaining film while also paying respect for the fans with tons of references and nods to the games. Yes, for the people wanting the human characters slightly more sidelined for this second outing, you'll be happy to hear the familiar CGI characters are truly in the spotlight this time around. However, there is still a human side plot serving as a laugh for the adults who aren't too familiar with Doctor Strange and his friends. Tails, while being a likeable character, didn't have a massive impact on the story. However, it was made up for with Adris Elba's impressive performance as Knuckles the echidna, who he brings the life back into after the character being sidelined in recent years. I will say, as a sequel, this movie does take a turn from its original outing, from a buddy-cop road trip to a full-on action adventure, which is a welcome change in my eyes, but some may prefer the more grounded story. Yes, Well some scenes may leave critics rolling their eyes, Top Gun: Maverick is a fun watch, and shows that this franchise has much more enjoyment yet to come. I would rate this a very solid 8.5/10.
